

Greetings Aspire Employees and Providers,

Living and working through a pandemic is a new experience for us all. Now in the 9th month of reduced service capacity, the toll of the pandemic can be wearing. Culturally, for many of us, holidays are approaching. This can add more stress to an already trying time.

In an effort to support each other, individually and as a community, we have created opportunities for staff to meet and chat about whatever is on your mind related to the pandemic. If you want a place to talk about the good, bad, ugly, interesting, fun, and not so funny, please consider joining one or all of the sessions listed below.
